

CHROMABASE®

GLASSWARE WITH COLORED BASES!

ADD A SPLASH OF COLOR!

A BIG BANG FOR THE BUCK, TURN YOUR ORDINARY ITEM INTO MUCH MORE

[HOW IT WORKS]

- Choose the mug or glass.
- Provide the PMS color for the bottom and art for the side.
- We will color the bottom and print the art in the normal location.
- Spectacular on starburst bottom beer mugs.

[APPLICATIONS]

Great for:

- Adding Visual Impact to simple logos
- Corporate Logos or Identity Programs
- Sports Teams, School Award Programs
- Identify Different Varieties of Beer Within a Brand
- Adding product appeal and interest

[THINGS TO KNOW]

- Low Minimums
- Fast turnaround, USA production
- Most PMS colors are available
- Iridescent Silver, Gold, Copper or Bronze
- Combine with other special effects like Braille or Full Color
- Spot color logos are printed with perfect registration (1/64" or better)
- Other styles are available:

Available in PMS colors on selected glassware items

An exciting and cost effective product enhancement with many color options!

* Certain PMS colors may require close, but not perfect, matches due to the properties of the color involved.
